

Expand XStand

Bring your message to your target audience.

This rear view of the EXS with our patented graphic plates, shows how we have eliminated the need for grommets on your panel. Each EXS includes 4 fasteners

24" Wide x 63" High

26" Wide x 71" High

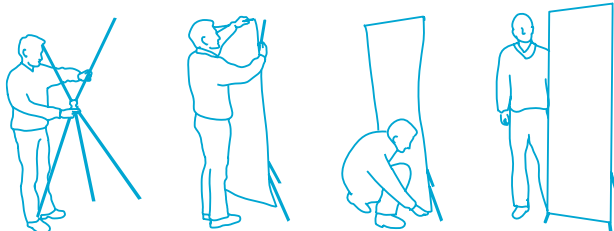

32" Wide x 71" High

Expand XStand

The Expand XStand is an outstanding marketing display that combines function with attractive design and cost-efficiency. It is the ideal option when you want to use a large number of displays to make maximum impact, for example in campaigns and product launches. The Expand XStand weighs only 1 lb. and does not have loose pieces so it can be assembled in less than a minute. The unique, patented image fasteners eliminate the

need for grommets. Its lightness enables it to be distributed simply and at low cost to many different locations, while the image is easy to replace for new campaigns. Our Expand XStand helps you get your message across wherever your target group may be. Use multiple units to be in several places at once. These units are intended to be sent to many different locations so we have excluded the nylon bag and offer a cardboard box which will hold one Expand XStand and a rolled up graphic. We recommend Ink Jet printing for quantities of 50 or less. If you are printing the same image, we recommend screen printing for quantities of 50 to 500 and over 500 prints of the same image, we recommend offset printing for an unbeatable value.

Sizes: 24" W x 63" H, 26" W x 71" H, 32" W x 71" H
